DETAILED ACTION

Response to Request for Continued Examination

1. Acknowledgement is made of the Request for Continued Examination filed by the Applicant on 4/27/06, in which: Claim 1 was amended; and the rejections of the claims are traversed. Claims 1-18 are currently pending in U.S. Application Serial No. 10/092,293, and an Office Action on the merits follows.

Allowable Subject Matter

2. **Claims 1-18 are allowed.**

3. The following is an examiner's statement of reasons for allowance:

As to independent **Claim 1**, none of the prior art made of record teaches or suggests a liquid crystal display for a vehicle comprising a heat collection panel exposed to surround the screen of the liquid crystal display panel, said heat collection panel divides an inside space of the meter housing where said temperature sensor and said liquid crystal display are mounted, and causes the ambient temperature of said temperature sensor to follow a temperature change of said liquid crystal display panel, as presently claimed.

As to independent **Claim 10**, none of the prior art made of record teaches or suggests a liquid crystal display comprising a control circuit for controlling liquid crystal drive voltages based on temperature detected by a temperature sensor, the control circuit further comprising an adder circuit for adding a compensation temperature to the temperature detected by the temperature sensor, and outputting the sum of these temperatures to the liquid crystal driver when the temperature detected by the temperature sensor exceeds a predetermined reference temperature.
